Digest Supreme Court Opinions

January Term 1879. Reported for the News by Walter Clark, Attorney at Law.

By SMITH, C. J. 9. State vs. Monroe, from Cumberland county. An amendment which prohibits a judge from holding the courts in the same district oftener than once in four years, does not abrogate acts creating extra regular terms which have been established for certain counties. The "district" means the series of successive courts which belong to and constitute the regular Spring or Fall Rulings.

By SMITH, C. J. 10. Mebane vs. Mebane, from New Hanover. A judgment of foreclosure does not conform to the rules which should be observed in decrees of foreclosure and sale of mortgaged property in which no time is allowed the mortgagor to pay the debt and redeem.

2 Where no report of sale is required to be made to the court in order that it may be set aside or confirmed or title ordered to be sold, the court is not bound by the rules of judicial sale to confer upon the commissioner appointed to sell the power of confirming the sale and making title. A decree defective in the above particulars should be set aside and made interlocutory as such decrees should always be. Where a wife makes a mortgage of her real estate to secure her husband's debt, the husband or his representative is a necessary party to a decree of foreclosure. The special facts found in this case fall within the rule laid down in *Grief vs. Vernon* 65 N. C. 76 and *Bradford vs. Collett* 77 N. C. 72 defining the rule in such cases.

By SMITH, C. J. 11. *Sutton vs. Schenck*, from New Hanover. The defendant S. was guardian of one of two infants and under the provisions of the act of 1876-77, of both, filed a petition and had the land of both sold and title confirmed to the purchaser who paid the purchase money and who conveyed the land to the other defendant. Subsequently S. discovered his mistake, was appointed guardian of the other infant, the plaintiff, on whose behalf this action is brought to annul the sale as to her moiety of the land, and an alleged fraud in the proceedings of the sale were app-ealed to the support and maintenance of the plaintiff. During the trial the judge, being of the opinion that an account of the expenditures for the wards was material, ordered a mistrial and reference, without prejudice, of the matters of account. *Held*, the appeal is not authorized by sec. 299 C. C. P. Interruptions in the preparation of cases and the appearance and absence of parties, nor allowed unless the appeal comes within the provisions of the Code.

By SMITH, C. J. 12. *Evans vs. Patton*, from Chowan. Where in proceedings to settle an estate an undivided interest in certain real estate is assigned to an infant, heir at law subject to a lien for certain sums due other heirs at-law. *Held*, in a subsequent proceeding to sell said real estate and discharge the liens on it of the proceeds an objection that the sums charged against her are in excess of her income and largely encroach on the principal of the estate, is not a proper ground for setting aside the sale. The previous decree remains in full vigor until reversed or modified by some proceeding directly impeaching it and the liens declared by it can not be resisted in this latter matter. A case made out for this court which contains a statement of some facts and refers the court to the voluminous pleadings to ascertain the other facts therein alleged is not in accordance with the requirements of sec. 3-1, C. C. P.

By DILLARD, J. 13. *State vs. Foy* from Carteret. In an indictment for rape it is not error to instruct the jury that the error introduced by the prosecution in defining the offense must satisfy the jury beyond a reasonable doubt that the defendant had, violently and against her will, accomplished the act.

By DILLARD, J. 14. *Bank of Washington against Creditors of said Bank* from Beaufort county. Where there is no case stated or case agreed and no errors are pointed out, the court is not bound to affirm the order appealed from. In distributing a fund courts of equity will allow a creditor to come in subsequently to the time fixed for presentation and proof of claims against the estate if he was held ignorant of the proceedings previously had.

By DILLARD, J. 15. *Russ vs. Jones* from Beaufort. Where there is no case agreed or case stated, the court is not bound to affirm the order appealed from. In distributing a fund courts of equity will allow a creditor to come in subsequently to the time fixed for presentation and proof of claims against the estate if he was held ignorant of the proceedings previously had.

By DILLARD, J. 16. *Oldham vs. Saced* from New Hanover. On a motion to set aside a judgment for exorable neglect under sec. 133, C. C. P. the judge declined to set aside the judgment and rendered judgment refusing the motion and sent up the affidavits used before him as a part of the record. *Held*, the facts not having been found the case is remanded with costs to the defendant to renew his motion that the court below may find the facts. An appeal lies for mistakes of law in ascertaining the facts or upon proof of claims against the estate if he was held ignorant of the proceedings previously had.

By DILLARD, J. 17. *Riggin vs. Green* from Franklin. Where a purchase is made in good faith of one non *compos mentis*, by one without knowledge of the incapacity and no advantage is taken, for a full consideration paid and that consideration goes manifestly to the benefit of the lunatic a court of equity will not interfere. If the court interfere in any such case it would require the lunatic's estate to pay back what he received, but where the lunatic is unable to put the other party in *status quo* or if the beneficiary of the act is a third party, the character of the court will not set aside the conveyance.

By DILLARD, J. 18. *Leake vs. Bear*, from Richmond. The note used on a note payable as soon as a dividend of the Legislature shall pass an act recognizing certain bonds in favor of the Wilmington Charlotte and Rutherfordton Railroad issued by virtue of an act passed in 1861. *Held*, the act of 1875 to commute, compromise and settle the State debt which offered to compromise for said bonds by issuing new bonds at 40 per cent thereof in exchange for the old bonds, is a valid substitution of bonds as a valid substituting in debt of this State. The compromise is based upon the State's inability to pay and not upon any objection to the validity of the old bonds sought to be compromised.

Mr. Seale was opposed to the immediate passage of the resolution, but favored the appointment of a Committee to investigate and report to the

Senate the cost of heating the capitol. He wanted to know exactly what he was voting for before he voted on any subject. It was clearly shown to him that the State would save anything by it, he was heartily in favor of it.

THE PUBLIC ROADS.

H B 158, to amend sec. 4, chap. 104, Battle's Revision, in relation to roads, providing for the laying off of public roads by three commissioners, one to be selected by the people desiring the road, one by the county commissioners, and one by the sheriff. Mr. Vaughan, who introduced the bill, explained it carefully, as one which would save trouble and expense in the laying off of the old style of laying off roads by a jury of 12 men, which cumber the counties with great costs. It has been found that by the proposed plan, which has been fully tested in several counties, the roads are of cheaper and better construction, and better located. The bill was then referred to the joint committee on Public Roads.

REGULATING THE PRACTICE OF DENTISTRY.

H B 105, to regulate the practice of dentistry, and to protect the people against quackery and imposition, by allowing hereafter none but regularly authorized persons to practice. This bill was discussed yesterday at some length, and it drew off members from their seats right along. Mr. Barringer of Rowan, seemed to think dentistry a trade, as he so termed it. He opposed the bill, while Messrs. Ellison, Bernard and Cooke earnestly favored it, the latter saying that the laws in Virginia and South Carolina were driving quacks from those States into North Carolina. The \$30 fee was taken off, and the fine for failure to comply was made \$53. The bill then passed after giving the House more fun than it has had this session.

H B 233, for relief of Confederate soldiers in the service of the State who lost both eyes in the war and also those who lost both arms and both legs, allowing them \$50 per annum, was made special order for Wednesday, at noon.

H B 233, for relief of persons wrongfully imprisoned, by allowing them so much per day while so held, to be paid by the prosecutor, was tabled.

At 1:30 the House adjourned, to allow the use of the hall to the State Grange.

THE GENUINE DR. C. McLANE'S WORM SPECIFIC OR VERMIFUGE.

SYMPTOMS OF WORMS.

THE countenance is pale and lead-colored, with occasional flushes, or a circumscribed spot on one or both cheeks; the eyes become dull; the pupils dilate; an azure semicircle runs along the lower eyelid; the nose is irritated, swells, and sometimes bleeds; headache, an unusual secretion of saliva; slimy or furred tongue; breath very foul, particularly in the morning; appetite variable, sometimes voracious, with a gnawing sensation of the stomach, at others, entirely gone; fleeting pains in the stomach; occasional nausea and vomiting; violent pains throughout the abdomen; bowels irregular, at times costive; stools slimy, not unfrequently tinged with blood; belly swollen and hard; urine turbid; respiration occasionally difficult, and accompanied by hiccup; cough sometimes dry and convulsive; uneasy and disturbed sleep, with grinding of the teeth; temper variable, but generally irritable, &c.

Whenever the above symptoms are found to exist,

DR. C. McLANE'S VERMIFUGE will certainly effect a cure.

IT DOES NOT CONTAIN MERCURY in any form; it is an innocent preparation, not capable of doing the slightest injury to the most tender infant.

The genuine DR. McLANE'S VERMIFUGE bears the signatures of C. McLANE and FLEMING BROS. on the wrapper.

DR. C. McLANE'S LIVER PILLS

are not recommended as a remedy "for all the ills that flesh is heir to," but in affections of the liver, and in Bilious Complaints, Dyspepsia and Sick Headache, or diseases of that character, they stand without a rival.

AGUE AND FEVER.

No better cathartic can be used preparatory to, or after taking Quinine. As a simple purgative they are unequalled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated. Each box has a red wax seal on the lid, with the impression DR. McLANE'S LIVER PILLS.

Each wrapper bears the signatures of C. McLANE and Fleming Bros. Insist upon having the genuine DR. C. McLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations but same pronunciation.
